

14th September 2017

Dear parent/carer,

Open Evening, Thursday, 28th September 2017, 17.00 – 19.30hrs

We will be holding an open evening for prospective parents on Thursday 28th September from 17:00 – 19:30. This is when we aim to show off the school to parents and children in our feeder primary schools and beyond. It is an opportunity to see the fantastic facilities that we have, meet our wonderful staff and pupils and see the high standard of work and excellent extra-curricular offer that our pupils take advantage of every day. During the evening there will be a range of events and activities taking place and many pupils will be wanting to represent the school, either as guides, within departments or as speakers. If your child is requested to take part during the evening, a separate letter with further details asking your permission for this is available from school Reception for them to collect.

In order to enable the staff to prepare and for pupils who are helping during the evening to have a break, the school will be closing early on Thursday 28th September, at 13:30pm. Buses will leave at 13.40.

As I write students are busy think about sponsorship pledges for the Sponsored Walk taking place on the 22nd September. This year we are hoping to support a charity chosen by the students. Many thanks in advance for your support for an event that is emblematic of what makes the school special.

The new term has started extremely well with the pupils, especially Year 7, particularly well engaged in their learning and the school has a really positive feel about it. Many thanks for your ongoing support.

Yours sincerely,

J. Parr
