### **GCSE Mathematics: revision materials and home support**

Dear Parent or Carer,

We wish to highlight three sources of revision materials to support learning for the new GCSE (9-1) Maths qualification. The first examinations for this qualification are Summer 2017, with your child taking the exams in Summer 2018. These resources should support pupils' progress in Maths, particularly if they are used effectively on a regular basis – we recommend 3 pages per week for pupils currently in Year 10. Pupils are encouraged to seek help from their Maths teacher when stuck or unsure with any questions.

**All three resources are available on loan, free of charge, from the school library.** Pupils entitled to free school meals will automatically be given all three books free, using 'pupil premium' funding. For pupils that prefer to buy their own copy so that they can write in them, we have secured these books for £2.50 each, rather than the normal retail price of £5.99 each.

#### Pearson - Revision Guide, Workbook and Practice Papers Plus

Edexcel GCSE (9-1) Mathematics Revision Guide £2.50

Edexcel GCSE (9-1) Mathematics Revision Workbook £2.50

Edexcel GCSE (9-1) Mathematics Practice Papers Plus £2.50

We will issue the tier that your child is most likely to be entering. If this changes at any point, we will provide the other tier free of charge. Higher tier covers grades 9-4, and foundation tier grades 5-1.

Please pay for one or all of these items using your ParentPay account. Each item will be listed individually as well as a package purchase for all three items. If you do not have access to ParentPay, please contact the school office and we will provide you with a barcoded letter allowing you to pay at a local PayPoint.

Please ensure that your daughter or son brings a scientific calculator to Maths lessons.

Thank you for your continued support.

Mr Charles

Mrs Bowler
