**Headteacher:** Mr J Parr BA Hons

Thursday, 12 January 2023

Dear parents,

We would like to offer the opportunity for Year 8 students to visit Borth as part of their upcoming Geography studies on coasts in May 2023. We intend to split the year group in half to take on different days; dates will be confirmed with teaching groups once bookings have been made. We will look at the processes of coastal erosion and assess if longshore drift is acting upon the beach at Borth using geographical equipment; students would also visit Ynyslas where they will have the opportunity to study the sand dunes and management techniques in place to reduce damage.

Because this is a curriculum trip and will take place mostly in school time (likely to have a late finish), we will be asking for voluntary contributions of approximately £18 to cover costs (This is the maximum we will ask you to contribute). At this stage, we are asking for an expression of interest that your child would like to come on the trip and whether you would be happy to contribute towards costs. Please fill in this [form](#) by **Friday 20th January** to confirm an expression of interest. Please note that these contributions will be voluntary but if we do not have sufficient contributions then we will not be able to run the trip. If you are entitled to Pupil Premium, then we will automatically cover costs. We will be back in touch to confirm the running of the trip and final costs in due course.

Please do not hesitate to contact myself or your child's teacher for any further information.

Kind regards,

Miss L Sollars  
Head of Humanities

Mr A Elkins  
Teacher of Geography
