EXCELLENCE AND DIVERSITY

18th January 2018

Dear Parents/Carers,

We are aware that many of you have already purchased science revision guides during year 7 and hope that you have found them useful, but we would like to offer those parents/carers who might have pupils new to the school or who didn't purchase them the first time round the opportunity to buy a revision/study guide that covers the whole of the KS3 science course. The advantages of this being:

- Students will have their own personal copy of the revision/study guide readily available to them, and they can make their own notes and annotations within the guide
- This 200 page Guide will be a valuable resource when preparing for tests and for regular revision and home study throughout Y8 and 9.
- We are able to pass on the discount that we have secured, and can therefore offer these books at the reduced price of £5.50 each, compared with the standard retail price of £10.99 each.

For those who do not wish to purchase the books, there will always be a number of copies available for students to borrow from the school library - but I do hope you will agree that the books represent an excellent investment.

Students who are eligible for Free School Meals, or have been at any point during the last six years, will receive their books free of charge via Pupil Premium funding, and in such cases there is no need to respond to this letter.

If you wish to purchase copies of this book I would be very grateful if you would make your payment of £5.50 via ParentPay, as soon as possible. If you have any queries, please do not hesitate to contact me at school.

Yours sincerely,

D Dury

Mrs D Dury
Head of Science
