Dear Parents and Carers,

The Year 8 annual reports are now available for you to view on Go4Schools. Your child's report contains two grades for each subject they study, their target grade and a currently on track for grade. Where there are gaps between these grades, we have already started putting in place intervention strategies to close them and help students get back on track.

The Year 8 Core exams will take place on 21st-23rd June, further details about these exams will be shared with you shortly. Following the marking and moderation of the Core exams we will share a grade report with you which will contain your child's end of year exam results from the Core and Foundation subjects. Your child's report should help you, and your child, identify areas of strength and for development in each subject. If you have any questions about your child's report, please contact me with general questions or the Head of Faculty/Department with specific subject questions or concerns.
