

18th January 2107

To all Year 9 girls/parents and carers,

I am looking for expressions of interest in a course run by The Smallpeice Trust called 'Girls into Engineering'.

This course offers a unique and exciting opportunity to work with other year nine girls from around the country, representatives from national engineering companies, Warwick University staff as well as staff from the Smallpeice Trust on exciting STEM (science, technology, engineering, maths) team projects. You need to have an interest in STEM subjects along with a desire to explore whether a career in engineering might be for you. You are not expected to have any prior knowledge or skills.

This course runs from 17th July 2017 to the 20th July 2017. It is a four day, three night full board residential course held at Warwick University. The cost of the course is £195. Transport to Warwick University will be provided by school.

More details on the course and on The SmallpeiceTrust can be found at the following address:

www.smallpeicetrust.org.uk/courses/girls-into-engineering/

If you have any further questions please call Mrs Jones in school on the above telephone number.

The school is limited to 10 places on the course. If you are interested in attending the course please can you return the slip below to the office by Monday 23rd January 2017. In the event the course is oversubscribed names will be pulled out of a hat.

Yours sincerely,

S Jones

Mrs S Jones (STEM Club Teacher)
