Dear Parents/Carers

Edexcel Computer Science Course

I am delighted that your child has chosen to study 'computer science' at GCSE. As you may know, exams for the computer science course are now taken only at the end of Year 11 assessed through two externally examined papers, one of these is a written paper, the other is a practical onscreen assessment.

The purpose of this letter is to offer you the 'Edexcel (9-1) Computer Science Revision Guide and Workbook' for the computer science course, comprising of two books – a revision guide and workbook. We are able to offer these books at the reduced price of £6.08 each, compared with the standard retail price of £11.98 for the two books.

For those who do not wish to purchase the books, there will always be a number of copies available for students to borrow from the school library - but I do hope you will agree that the books represent an excellent investment.

Students who are eligible for Free School Meals, or have been at any point during the last six years, will receive their books free of charge via Pupil Premium funding, and in such cases, there is no need to respond to this letter.

If you wish to purchase copies of these books, I would be very grateful if you would make your payment of £6.08 via ParentPay. I cannot emphasise enough how important it will be for your child to have their own revision guide and workbook to help them with their exam preparation. If there are any difficulties with purchasing the revision guide and workbook, then please do let me know.

Yours sincerely

Mr M Cox
Head of the Science and Computing Faculty
