- b. The Trustees remain ultimately responsible for Health and Safety across the Trust. Within this framework, the Trust may appoint an external party, to provide the framework for the management of Health and Safety. This will include the development and maintenance of policies, and the provision of guidance, on the management of foreseeable risks to Health and Safety in school.
- c. An advisor is commissioned to monitor standards of Health and Safety across the Trust, ensuring adequate risk assessments are developed in accordance with generic guidance. An external provider acts on behalf of the Trust to report accidents and ill health resulting from the work activity across the Trust, following the recommendations of the legal framework.
- d. All Trust staff should follow all policies and procedures described in the Trust Health and Safety Policy.
- e. All employees must also co-operate with any commissioned external parties monitoring procedures and report any matters that may jeopardise the Trust's ability to comply with Health and Safety legislation. Essentially, how these Policies are applied in your school is described in this document.
- f. Section 7 of HASAWA places a duty on all employees of the Trust to take reasonable care to ensure that their actions or omissions at work do not adversely affect the Health and Safety of themselves or other persons.
- g. The Act also requires employees to co-operate as far as is necessary so that the Trustees can comply with any duties or requirements placed on them by any of the relevant statutory provisions.
- h. A person who does not co-operate as necessary may be liable to prosecution by the Health & Safety Executive. Employees are advised that the commission of an offence carries a penalty, on summary conviction at a Magistrate's Court, a fine for each breach of Sections 2-6 of HASAWA.

### **HM Inspectors of Health and Safety**

- c. Section 22 of HASAWA empowers an Inspector to issue a Prohibition Notice upon any person in control of activities that constitute an immediate risk of serious personal injury. The Notice prevents the activity from taking place until the risk has been re-assessed and reduced to a level acceptable to the Inspector.
- d. If notified of a visit the Headteacher will advise the external advisor (Shropshire Council Health and Safety Team) immediately of any visit (announced or otherwise) by an Inspector from the Health & Safety Executive.
- e. Any person receiving an Improvement Notice, a Prohibition Notice or a Notice of Prosecution must immediately inform the Headteacher, who will, immediately inform the CEO and subsequently the Chair of the Trust.
