10th September 2026

Dear Parents/Carers

Key Stage 3 Complete Study and Practice Revision Guide

The purpose of this letter is to offer you the 'KS3 Science Complete Study and Practice revision book' for the Key Stage 3 science course, the book encompasses the three subjects; biology, chemistry and physics, the advantages of these being:

- throughout the course, students will have their own personal copy of the revision guide readily available to them, and they can make their own notes and annotations within it
- the revision guide includes practice questions that are graded to mirror the type of questions they may see in exams
- we are able to pass on the discount that we have secured and can therefore offer these books at the reduced price of **£6.94** each, compared with the standard retail price of £13.75.

For those who do not wish to purchase the revision guide, there will always be a number of copies available for students to borrow from the school library - but I do hope you will agree that the books represent an excellent investment.

Students who are eligible for Free School Meals, or have been at any point during the last six years, will receive their books free of charge via Pupil Premium funding, and in such cases there is no need to respond to this letter.

If you wish to purchase a copy of the revision guide, I would be very grateful if you would make your payment of **£6.94** via ParentPay. I cannot emphasise enough how important it will be for your child to have their own revision book to help them with their exam preparation. If there are any difficulties with purchasing the revision guide, then please contact a member of the Science Department.

Yours sincerely

Mr M Cox
Head of the Science and Computing Faculty
