Dear Parents/Carers

Edexcel Computer Science – Revision Guide and Workbook

As your child begins their GCSE Computer Science course, we would like to give students the opportunity to purchase two revision resources to support their learning both in lessons and at home.

We are able to offer the **Edexcel GCSE (9–1) Computer Science Revision Guide and Revision Workbook** for a combined price of **£7.08**. This includes both books and represents a significant saving on the usual combined retail price of £13.98.

The Revision Guide provides clear explanations of the key knowledge and concepts covered throughout the course, while the accompanying Workbook gives students the opportunity to practise applying their understanding. Together, they will be useful throughout Years 10 and 11, as well as when preparing for the final GCSE examinations.

If you would like to purchase the two books, please make a payment of **£7.08 via ParentPay**.

Students who are eligible for Free School Meals, or have been at any point during the last six years, will receive both books free of charge through Pupil Premium funding and therefore do not need to make a payment.

Copies will also be available for students to borrow from the school library if they do not wish to purchase their own.

If you have any questions or there are any difficulties with purchasing the books, please do not hesitate to get in touch.

Yours sincerely

Mark Cox
Head of the Science and Computing Faculty
